Summary

Recent graduate in Informatics from Universitas Teknologi Yogyakarta with hands-on experience in developing mobile and web applications using Flutter, Flask, React, and MySQL. Strong foundation in full-stack development, API integration, and user-focused application design. Eager to contribute to software engineering teams through clean code, problem-solving, and continuous learning.

Skills

Programming Languages: Python, JavaScript, TypeScript, HTML, CSS, SQL, PostgreSQL

Frameworks & Libraries: Flutter, React, Flask, Tailwind CSS

Tools: Git, GitHub, Postman, Figma, Visual Studio Code, RapidMiner, XAMPP, Microsoft Office

Languages: Bahasa Indonesia (Native), English (Intermediate)

Projects

Scentify - Perfume Recommendation Mobile & Web Application
Flutter, Flask, Python, MySQL

- Developed "Scentify", a mobile and web-based perfume recommendation application that generates personalized recommendations based on user questionnaire responses.
- Implemented the mobile front-end using Flutter and built RESTful API's with Flask for backend communication.
- Designed and managed a MySQL database to store questionnaire data, user preferences, and recommendation results.
- Applied full-stack development principles to integrate user interface, backend logic, and database operations into a functional end to end system.

TypeFast - Fullstack Typing Test Platform
React, Node.js, Express, PostgreSQL, Prisma

- Built a responsive typing test platform with real-time WPM tracking, custom backspace logic, and dynamic UI themes using React and Vite.
- Implemented a secure backend using Node.js, Express, and PostgreSQL to handle JWT authentication and persistent score tracking.
- Designed a global leaderboard system and optimized database queries using Prisma ORM.

Education

Universitas Teknologi Yogyakarta — Sept 2022 – Apr 2026
Bachelor of Informatics — *GPA: 3.61/4.00*

SMK Negeri 1 Kota Bekasi — Aug 2019 – Jul 2022
Computer and Network Engineering

Certifications

TOEIC (Test of English for International Communication) 2021
Issued by ETS (Educational Testing Service) *Overall Score: 580*

- Demonstrated English proficiency in listening and reading comprehension.

Machine Learning Professional Certification 2024
Issued by Altair RapidMiner

- Covered key machine learning concepts, including classification, regression, scoring, hold-out validation, correlations, feature importance, clustering, and association rules.

Volunteer Experience

Pekan Olahraga UTY 2025 Nov 2024 – Feb 2025
Sponsorship Division *Universitas Teknologi Yogyakarta*

- Secured sponsorship opportunities by approaching and coordinating with potential partners for the university sports event.
- Contributed to sponsorship proposal preparation and event documentation to support funding efforts.
- Assisted event operations, including logistics and participant coordination, in a collaborative committee environment.
